BUILDING WORK DELAYED
New Jordan Block Will Be About Five Weeks Behind Specified Contract Time for Completion.

The Jordan building will be completed by the time specified in the contract, and it will probably require about five weeks longer. Cold delayed the excavation for the cellar, the "war" slowed down the transporting of iron for the reinforcement, the extreme heat made it impossible for the men to work all of the time and labor shortage has made the men on the job short of the required number; in fact,

everything seems to be working against the rapid construction of the building. The latest trouble was caused on the front bricks did not hold color, about this year was lost when the bricks were torn down and then built up again with new mortar. Tuesday the terra cotta front was started as the bricks on the columns have been built up to the required height. Since the pieces of terra cotta which have been placed contain some of the big gold letters which will spell "Jordan Block Ware Company." The letters are covered with gold leaf and are quite valuable. The future quarters of the Willimantic Trust company have been nearly completed as the whole of the front is up and the walls have been plastered but the concrete composition floor has not been laid yet.

The building will certainly be a marked addition to the Willimantic business section. In addition to the sign over the front door, there will be one on the roof of the building. A 25-foot flagpole will be erected at the middle of the top.

THREE NEW TEACHERS
AT HIGH SCHOOL
Faculty For Coming Year Announced—Freshman Class May Be Smaller Than Last Year's.

The high school is ready for the opening of the term, Sept. 4. All desks in the building have been re-arranged and the ceiling in the east end of the first floor corridor has been replaced by new plaster as parts of it fell during the last part of last term. The freshman class will probably be smaller than last year's, when about 150 entered, as only 98 names have been received up to the present, although many of the outside schools and the Natchaug school have not sent in their list of students yet. Principal Case has returned from his vacation and is completing assignments. He will be at the high school office from 9 to 12 in the morning, 2 to 5 in the afternoon and 7 to 9 in the evening every day except Sunday and school holidays, and will be in the school building with parents of students if they so desire.

There are three new teachers in the faculty and one change. The new teachers are Miss Gertrude Seaber of Farmington, N.H., where she taught in the high school; Miss Phoebe Vincent will take Miss Hubbard's place who is to teach in Springfield, and she will teach elementary science; Miss Hazel Partridge will teach freshmen English, taking the place of Miss Weeks, place, as the latter will take Miss Weeks' place. Miss Weeks will teach in a Waterbury high school.

The remainder of the faculty is the same and is as follows: Miss Helen Burton, history; Miss Carrie Ray, English (junior and senior); Mrs. Thelma G. Turner, German; Miss Agnes L. Ladd, French; Miss Dorothy Granger, stenography and typewriting; Kervin Reynolds, bookkeeping; Lawrence Howard, chemistry and physics; Raymond Parker, geometry and trigonometry; Miss Margaret Van Nuys, French mathematics; and Miss Katherine Tuttle, history.

From the school records which are available at present, it seems that very few of the sophomores and juniors will study German, less than 25 signing up for that language, which may go to show that the high school students are patriotic.

received notice that Joseph Bernier of Brooklyn has filed an appeal at the district court. This brings the total number of appeals to 30. The most of them will probably be sent in groups of eight, commencing Sept. 5. The board has received orders to send only white men on the first lot and cooks if possible. So far they have not received the mail tickets, transportation tickets, or the official list of those who were exempted by the district board, all of which is necessary before the men can be sent.

Brief Mention.
Nearly all of the telephones which were put out of commission by the recent two thunder storms have been repaired by workmen of the Southern New England Telephone company. In the work, they were aided by men from Norwich and New London. A few poles which are to be reset is the only work left undone.

Given a Chance to Beat It.
Thomas Hickey, in the police court Tuesday morning, pleaded guilty to a charge of larceny of a bicycle. He was in Pawtucket, R. I., and judgment was suspended for 24 hours to allow him to get out of the city.

Will Teach in Porto Rico.
Frank E. Hart has received an appointment to teach in San Juan, Porto Rico, one of the government positions in the high school. He will teach common school subjects and will have his acceptance to the bureau of insular affairs in Washington Tuesday evening. Mr. Hart is a 1917 graduate of Willimantic Normal school.

Improvements at Hotel Hooker.
Many improvements are being made at the Hotel Hooker. Electric lights have been entirely replaced and telephones have been installed in each room. The rooming house has been changed so as to accommodate people who desire to hire a suite of rooms. The semi-direct system of lighting is used in the dining room. When improvements are completed the hotel will rank with the finest in this section.

Brief Mention.
The switch of the local department of the New Haven road jumped the track at a switch in front of the Willimantic-Rockville plant Tuesday morning, and it was not until a half and a half before it was back on the track.

Return of Captain J. B. Paulhus.
Captain and Mrs. J. B. Paulhus of this city have been visiting friends in New Haven and returned yesterday. During their stay they met many of the military men with whom they became acquainted at the army where they live, as Mr. Paulhus is a captain in the army. The men do not like to be away from home, but they are glad that they are in order soon for France.

Jumped From Moving Train.
A man whose last name is Bernstein jumped from a moving train on the Air Line about one mile this side of Chestnut Hill Tuesday afternoon and the only injury received was a small cut around the right eye. He was returning from his work and was asleep when the train stopped at Chestnut Hill, the station at which he was to get off. He did not wake up until the train had stopped and then he jumped from the platform. It is a wonder how he escaped with the one cut but the speed of the train which was known to be fast, and the slight injury. He got up himself and walked two miles to his home.

HOME GUARDS HAVE FIRST INSPECTION
Major John A. Hagberg of Norwich Compiments Company on Good Appearance.

The first official inspection of the local company of the Home Guards, Co. B, was held at the company's headquarters on Pleasant street, Tuesday evening. The inspection was given by Major John A. Hagberg, who is in command. He was to make the inspection last Tuesday night but the electric storm prevented him from arriving in this city. He arrived at 4 o'clock Tuesday and the company took the floor at 8 o'clock. The inspection of arms began at quarter past eight and lasted fifteen minutes. Then the roll call of the company was called and only six were absent and several of the given doctors' certificates. The roll call of the reserve showed that all of the three reserves were present. The men were then put through the manual and drill by First Lieutenant John McCarthy. After the drill, which lasted about half an hour, the company was dismissed. Several of the men had sent in applications to be transferred to the reserve and the following were transferred: Lemuel E. Crook, Joseph Chasno, Noel LaCroix, James H. Caspary, and M. Reed, John Simons, Henry Gees and Arthur D. Washburn. The drill was very good and was witnessed by a fair sized crowd. Major Hagberg especially complimented Captain Paulhus on the neat appearance of the company.

Taken to Hospital.
H. Brettschneider of this city was taken to the Memorial hospital, Tuesday, suffering with stomach trouble. An X-ray photograph of the trouble-some organ will be made. The trip was made in a local public service car.

DUTCH THINK QUEEN MAY BE ONE TO BRING PEACE TO THE WORLD.

QUEEN WILHELMINA, PRINCE HENRY and DAUGHTER

Reports from Holland maintain reserve concerning the pope's peace note. It is asserted in some quarters that hopes are held in Holland that both groups of belligerents will eventually ask the queen of the Netherlands to act as intermediary, thus making it advisable for the Dutch to remain aloof now from any attempt to bring about peace, which is destined to fail if not desired by both sides.
